

# No Sew Leather Glasses Case

Follow full DIY instructions at  
[www.onelittleminuteblog.com](http://www.onelittleminuteblog.com)

**one little minute**

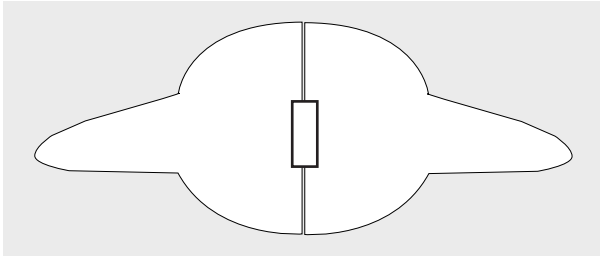

--- larger case  
— smaller case

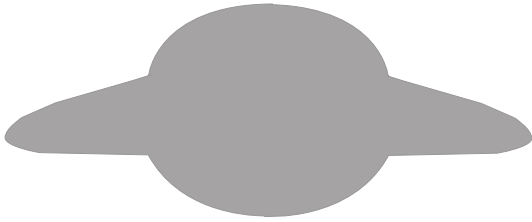

Quick Instructions:

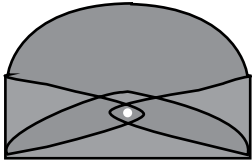

1- Print, cut, and tape pattern

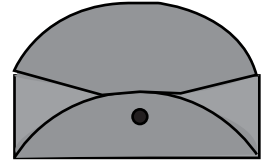

2- Trace around pattern on leather and cut on line

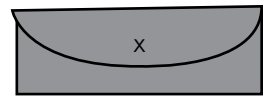

3- Fold side flaps in to the center, and bottom flap up. Use an awl to make a hole where they overlap.

4- Secure your button stud through all three layers of leather.

5- Fold the top flap down, mark where it hits the stud, and cut a small x for the stud to come through.

6- Secure the stud through the hole and you're done!
